---

 \$126 66

There is one order of A. E. Parker amounting to \$6.00 which has not been paid.

There is in the hands of G. D. McKean, two sacks of pulp plaster and some lumber.

We have examined the School Treasurer Reports and find them properly kept and all bills vouched for except G. D. McKean's order for work done repairing the different school houses.

#### REPORT OF SCHOOL BOARD

In reporting the schools for the year ending July 15, 1908, we think on the whole they have been very successful. We have been very fortunate in getting good teachers, full up to an average of former years. They have tried to do their work well and earn their money. There has been some fault found with some of them, but that is to be expected. A teacher would not be good for much unless some one was kicking about them, nor the school board either. If anyone wants to do a good deal of work for nothing and get a lot of kicks, they want to be a member of the school board, that is just the place for them.

I, as Chairman of the board, have tried to do my best to have the schools a success. I have got the needed books and supplies around to the different schools as near the fore front of the terms as possible so that they could derive the benefit, also have tried to have the scholars attend school all of the time, but have encountered some difficulties, although the roll of perfect attendance is full up to an average of former years.

Last Spring had the largest number on the roll of perfect attendance of any term for many years.

If the parents and custodians of children would take more pains to have their children go to school all of the time, it would

be very much better all around. The pupils would derive the benefit and it would be much easier for the teacher and the register would look much better, also the report to the State Superintendent.

Mr. Morrison is getting his eyes open in regard to this matter and will be looking after it in the future.

We would cordially invite the parents and people of the town to visit the schools often, and perhaps by so doing they might be able to judge whether their children or scholars could read in the sixth or seventh reader or go back in the third or fourth and fifth where they could learn something.

You will notice that we have paid quite a good price for wood at two of the schoolhouses, but we calculate it will last two years at those two places, so that will only make the cost about the same as in former years, although wood has advanced a great deal in price.

Perhaps some people will think the Chairman's bill is rather large, but there has been extra work to do this year. I have only charged at the rate of two dollars per day for myself and team. I didn't put anything into it that I was not obliged to. If there is anyone that thinks I have not earned my money, if they will come to my house, I will show them twenty-five dollars worth of time that I have put into the business that I haven't got any pay for.

Respectfully submitted,

G. D. McKEAN,

LENA B. STIMPSON,

LEON E. NOYES.

School Board of Landaff.

## ROLL OF PERFECT ATTENDANCE

FIRST TERM—Edgar F. Clement, Henry Foster, Ansel M. Judd, Winfred M. Smith, Harriet L. Glazier, Carrie B. Campbell, Edith M. Campbell, Max E. Moulton, Charlie D. McKean, Daisy McDonald, Waldo H. Dexter, Lawrence G. Tewksbury, Mabel E. Beecher, Alda M. Beecher, Oscar B. Carter.
